IN REPLY REFER TO: AFPPA -8

SUBJECT: Casualty Information of Crew Members
TO: SPECK, Harold T., F/O., T-122564, Co - Pilot

1. You will be interested to know that there have been formed here in Washington and in the theaters overseas, Missing Aircrew Research and Investigation Offices to collect all information from our own and enemy sources, correlate this information and furnish it to search teams in the theaters who will go to the scene of the casualty incident and investigate. These teams will question those in the area who have knowledge of the incident and trace all leads down until they have the story. The German records we have translated are excellent. We have just received the Japanese records. By combining all this data with the story available in your memory, we can tell next of kin the things that mean so much to them.

2. You may or may not have been questioned in this manner before concerning the mission on which you were shot down and the events that followed. Regardless of previous questionnaires, it is important that we have the information requested here to complete our records concerning combat crewmen remaining in a casualty status.

3. If you have been sworn to secrecy as a result of your escape, evasion or internment, you may consider yourself released from all restrictions as to disclosure or publication of experiences except:

- a. Secret intelligence activities and methods developed for use, or actually used, in prison camps.
 - b. Details of techniques employed by military intelligence organizations operating behind enemy lines to assist evasion and escape.
 - c. Negotiations conducted on high government or military level to secure release from internment in a neutral country. (See AAF Reg 46-8 dated 30 October 1945)
4. Please answer all the questions you can promptly and accurately. Re-

Dear Sir:

Upon arriving to the U.S.A. I have
corresponded with Sgt. Frank Bytoman's
sister and found that he was buried
in Belgium.

I saw him shortly after I landed
& saw there was nothing I could
do to help. As the Belgians had
sent for a doctor the pilot &
myself attempted evasion, but
were picked up shortly after.

Sincerely yours

Ray S. Malcom
